

How to make Boat

When folding, check the folding diagram carefully and pay attention to the front and back of the paper as well as its top and bottom orientation.

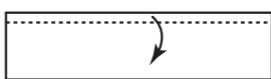

1. Start with the back side facing up.

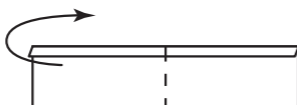

2. Make a valley fold in half and crease.

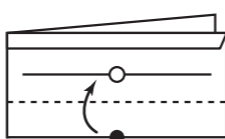

3. Make a valley fold along the guide line.

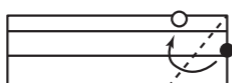

4. Make a mountain fold in half.

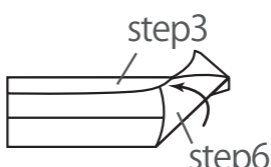

5. Fold edge ● to align with crease ○ from step 2, using a valley fold.

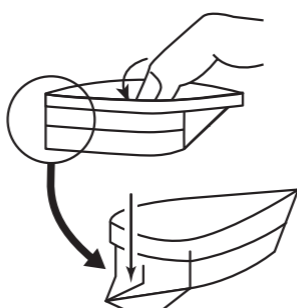

6. Fold edge ● to align with edge ○, using a valley fold.

7. Tuck step 6 under step 3.

8. Insert your fingers from the top and open the boat. Then flatten the left edge inward to make it three-dimensional.

9. Finished
