

How to make Kabuto (Samurai Helmet)

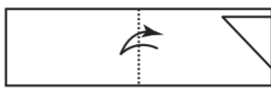

When folding, check the folding diagram carefully and pay attention to the front and back of the paper as well as its top and bottom orientation.

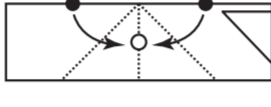

1. Start with the front side facing up.

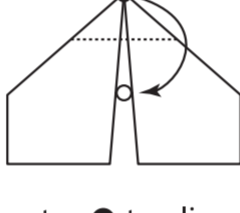

2. Make a valley fold in half and crease.

3. Fold edge ● to align with center ○, using a valley fold.

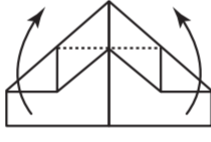

4. Fold the triangle's vertex ● to align with the back edge ○, using a valley fold.

5. Fold vertex ● to align with vertex ○, using a valley fold.

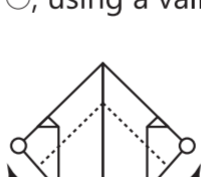

6. Fold upward from the bottom at the position shown, using a valley fold.

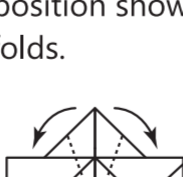

7. Fold edge ● to align with center ○, using a valley fold.

8. Fold vertex ● to align with vertex ○, using a valley fold.

9. Fold the tips to left and right at the position shown, using valley folds.

10. Insert your fingers into the gap at the bottom and open the helmet.

Finished!
