

How to make Kimono

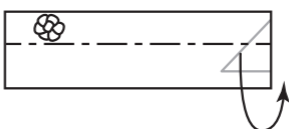

When folding, check the folding diagram carefully and pay attention to the front and back of the paper as well as its top and bottom orientation.

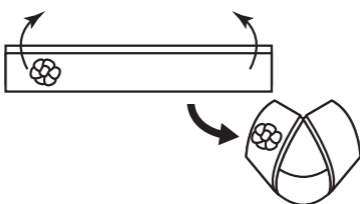

1. Start with the back side facing up.

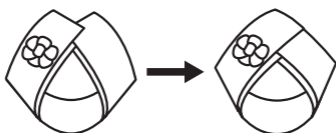

2. Make a mountain fold along the guide line.

3. Overlap both ends at the center to form a loop.

4. Insert the bottom-left sheet into the slit on the right, then place the flower-patterned sheet on top.

5. Fold along the guide line with a mountain fold and tuck it inside.

6. Turn it upside down.
Finished!
