

Safety Precautions (Read before use!)

Reminder Notepad 'Kakumiru' EM10

- Read the Safety Precautions and the User's Manual carefully before use.
- Keep the Safety Precautions and the User's Manual for future reference.

Main Unit

Warning

Fire or electric shock may lead to death or serious injury

DON'T

- Do not disassemble or modify the product.
- Do not drop the product or shock physically to the product.
- Do not expose to water or other liquids.
- Do not place in the following environments:
 - Direct sunlight
 - Near a heater
 - Locations with high temperature or humidity
 - Dusty locations
 - Locations prone to condensation
 - Locations subject to static electricity, electrical noise, or strong magnetic forces
 - Locations exposed to water or other liquids

DO

- Use according to the User's Manual.
- If damage occurs, terminate use and remove the batteries. Contact the retailer or manufacturer.
- Keep away from devices affected by magnetic forces, such as cards with magnetic strips.

Batteries

Warning

Battery leakage, fire, or explosion may lead to serious injury

DO

- Remove batteries if product will not be used for an extended period of time.
- If skin or eyes are exposed to battery electrolyte, wash with water immediately and contact a physician.
- Only use batteries without damage or deformations.
- Insert batteries correctly.

Caution

May lead to injury

DO

- Place on a flat and stable surface. If the product falls, injury or malfunction may occur.
